

EXCESS COLOSTRUM?

MAKE YOUR UNWANTED SUPPLY A VALUABLE PRODUCT!

The Saskatoon Colostrum Company Ltd. (SCCL) processes Scottish colostrum into a heat-treated, spray dried, instant mix colostrum powder to replace or supplement maternal colostrum in calves:

Natural Bovine Colostrum - Calf's Choice Total

SCCL is looking for more Scottish dairy farms in the collection area:
Dumfries & Galloway, North Lanarkshire, South Lanarkshire, Scottish Borders,
Midlothian, East Lothian, West Lothian, Ayrshire and Stirlingshire.

How does it work?

- ◆ Contact SCCL if you are located in the collection area
- ◆ We provide you with a freezer and buckets
- ◆ You collect excess colostrum from 1st and 2nd milking from healthy heifers and cows (we only ask for your extra, you decide how much you collect)
- ◆ Buckets with frozen colostrum are frequently collected by T.P. Niven Ltd.
- ◆ You are compensated for your time at a rate of 70p/kg
